Dear Feroz,

This letter is a token of my appreciation for your very sincere, prompt and meticulous effort on all the work that you have completed for us in the recent past. Although our association has spanned a range of interior work, I must further commend your consistently high level of inputs particularly at a personal level.

I look forward to our future association with you and your excellent team, as we continue to proudly recommend your services to our clients.

With warm personal regards,

Yours sincerely,
For **KSPACE CONSULTANTS**
